The troubleshooting card

The loaf is...	Do this next time
Dense, gummy, pale	Longer, warmer bulk; starter at peak; bake darker
Flat, spread	Watch the bulk (aliquot jar); tighter shape; 5% less water; hotter pot
A cavern under the crust	Ferment fully; gentler shaping
Too sour	Feed 1:5:5, use at peak; 12-hour proof
No ear, burst at the side	Score cold dough, 1 cm deep, blade flat; seal the seam
Burnt on the bottom	Middle shelf; tray below; foil under the parchment
Stuck in the banneton	Rice flour; a liner; drier dough
