

Weekly Shopping Lists

Each list covers every recipe cooked that week for two people, including the batches that feed the following days and the freezer; leftovers are not listed twice. Cross off what is already in the cupboard. **Every week, as well:** four litres of lactose-free milk for tea, coffee and porridge; firm bananas; fruit for the daily piece (a dozen); a spare tub of low-fat Greek yogurt; sparkling water if you like it. Amounts are rounded up to what you can actually buy; the leftover half of a can or a pepper goes into the next day's salad or soup.
